EXPERIENCE

FOUNDEVER – Customer Service Representative

2024 APRIL – 2024 DECEMBER

Worked as a “Customer Service Representative” at FOUNDEVER. My job was to provide support to the customers in a number of aspects, by using different platforms. Multitasking and a good level of English are a must.

CHEETAH DIGITAL – Technical Producer

2022 FEBRUARY – 2022 OCTOBER

In my role as a Technical Producer, among my responsibilities were the assistance in the implementation of new clients on Cheetah Digital platforms and guide recommendations to the account team and/or client on how to optimize and take advantage of platform capabilities. The development of campaigns or the migration of the campaigns to the platform was also part of my responsibilities.

HAKKODA – Associate Data Engineer

2021 SEPTEMBER – 2022 JANUARY

Selected as an Associate Data Engineer, at Hakkoda, a technological start-up in Costa Rica. The management of the engineering projects was done through agile and scrum methodologies. Data analysis with the help of different tools, like for example SDKs, was part of my responsibilities.

4GEEKS – Software Engineer Intern

2021 JUNE – 2021 SEPTEMBER

Selected for a three months long internship with 4Geeks as a Full Stack Developer in Angular on the front-end and PHP on the back-end. Frameworks like

Django are also used on the back-end during this internship.

CREATIVEDRIVE – Search of Engine Optimization Internship

2020 OCTOBER – 2021 JUNE

Some of the responsibilities performed by me in this role: Google Ads and Analytics management
Keywords research | Metadata programming
Technical analysis for web designs
Open Graph and Twitter metadata creation
Website meta tags management
Marketing aligned strategies

KGB ENGINEERING PRIVATE LIMITED – Marketing Intern

2021 FEBRUARY – 2021 APRIL

Finished this 2 month remote internship as part of the marketing interns group. My tasks were content development and website maintenance.

LUNCHEVA – Administrative Assistant

2019 AUGUST – 2019 DECEMBER

Under the direction of the General Manager of Luncheva, I used to apply both technical and administrative skills in order to fulfill my duty. Administrative and logistical staff support. Remote access through SSH protocol. Other responsibilities: Customer Support | Basic SQL Queries Excel Sheets manipulation and automation
